Re: *Request for public hearing to consider incentives for "Project F2"*

Dear Chairman Edds,

With cautious optimism, I respectfully request that the Board of County Commissioners schedule a public hearing for September 19, 2016 to consider an Investment Grant request from "Project F2." The Company is an existing employer in Rowan County that will create 18 new jobs, and invest more than \$4 million in new construction and equipment.

"Project F2" would allow the Company to increase employment levels and expand its operations in Rowan County. While the project alone is less than the standard minimum of the "Rowan County Investment Grant Program," we have an opportunity to actively support a company that has a valued relationship with our community. Due to this, we will be recommending a shorter grant term for the Company

I look forward to providing you detailed information regarding this request and this project in the coming days. Please do not hesitate to contact me with any questions you may have, and thank you for considering this matter.

Yours truly,

Robert M. Van Geons
Executive Director
