Dear Allen,

The North Carolina 911 Board reviewed your grant application for the project entitled “Regional Rowan-Cabarrus County Backup 911 Center” at the August 26, 2016 meeting. The application requested \$1,725,810.07. The Board’s Grant Committee recommended awarding the grant but reducing the funding to the amount of \$ 862,905. The Board approved the Committee recommendation.

The grant award is conditioned on several questions that need to be answered before the final award process can proceed. First, is Rowan County willing to accept the reduced amount? If the grant is funded at this reduced amount, will the project be accomplished as described in the grant application? Please explain what changes either in funds or scope will be taken.

I will need your reply no later than September 26, 2016 if these terms are acceptable. An email reply is acceptable.

Thanks Allen and if you have any questions, please let me know.

Sincerely,

A handwritten signature in black ink, appearing to read 'RT', written over a white background.
